Safe Parks, Shared Cities

A workshop on safety in parks and beyond

Safe Parks, Shared Cities is a workshop focusing on safety in parks and on how we think about parks as part of the wider city and the many people who use them. The network Safeplaces organises this meeting as part of its 10-year celebration.

Parks
Safety, lighting, design and everyday use of green spaces

Beyond the park
Parks as part of streets, transit environments and the city

People
Who uses parks, who feels welcome, and who does not

28 January 2027

KTH Royal Institute of Technology, Stockholm

Keynote:

Dr Anna Barker, University of Leeds, UK. She leads research and partnerships on women's and girls' safety in parks, with practical guidance used by councils, police, and park managers.
